Spray Tan Preparation

1. Exfoliate your skin 24-48 hours prior to spray tan with an Exfoliating Sugar Scrub to effectively cleanse the skin and gently slough away dry and dead skin cells.
2. Do not apply any products to the skin such as moisturiser, perfume, deodorant or makeup.
3. Apply clear nail varnish to your finger/toe nails.
4. Wear loose dark clothing, loose footwear and black undergarments.
5. Do not use soap or high lathering body wash.
6. Check the ExpressTAN website for heaps more tips on preparing and maintaining your great tan.
